## **KING KONG, THE MUSICAL**

The epic modern myth comes alive on Broadway through an innovative mix of animatronics, puppetry, music and stagecraft! It's 1931, the world is in the grip of the Great Depression, and New York City is a place of pressure, of desperation, but also of hope. Enter Ann Darrow, a fearless young actress with a will of steel and dreams that reach as high as the just completed Empire State Building. After a brutal struggle just to stay on her feet, Ann finds her big break in the form of Carl Denham, a fast talking filmmaker who promises to make her the star of his next big adventure movie. She joins Carl on a voyage to the mysterious Skull Island. There, they encounter a wonder more astonishing than they could have possibly imagined: a 20-foot tall, 2,000 pound ape known only as Kong. Directed and choreographed by Olivier winner, Drew McOnie, King Kong features and electrifying new score by Marius de Vries (La La Land) and Eddie Perfect (Beetlejuice The Musical).
